

Grace and peace to you in Jesus mighty name.

Just thought a brief pictorial update would encourage all today. Everything is going very well at HHMI in Malawi today.
And we had another fantastic month working for the Lord.

Primary School - exams are underway now.

Garden - we're experiencing a lot of rain... our veggies are coming up nicely.

High School - tiles installed, kitchen underway... we'll start a Bible Training Center and our first 9th grade class starts this coming September.

Security Team is doing well... we now have 12 on the team, ages from 1 to 6 years

Daycare Center - foundations & footings are done, next we put down the concrete and build the walls

Our Poultry operations continue to thrive, in a few weeks we'll be selling over 5,000 chickens.

Thank you for your continued prayers and support.

Rev. David Cuffaro
